As Inflation Roars Back to the Highest Levels in 40 Years, Red Rock Capital's Commodities ...

Red Rock Capital Ltd (NYSE:RRK) Jan 11, 2022 (updated Jan 11, 2022)

"During a year when investors faced the highest inflation readings in 40 years, Red Rock Capital's Commodity Long-Short investment program proved its value by producing over 40% net returns for the year for its investors."

NEWPORT BEACH, Calif. (AP) — Inflation readings in the United States rose to their highest level in 40 years in January, as the price of goods and services increased by 6.9% from a year earlier. The inflation reading was the highest since 1980, when it peaked at 14.8%.

The -7.6% annualized returns produced by the venerable S&P Goldman Sachs Commodities Index ("S&P GSCI")
